The below graph shows a monthly history of Unique visitors, number of visits, number of pages served and the bandwidth those visitors used. We saw an up-tick in September of 2.82 GB of bandwidth.

We also saw this past year the integration of Memberworks with our website, we have 744 accounts in memberworks, 81.7% used memberworks for their membership dues, 138 accounts without membership or 18.3%.

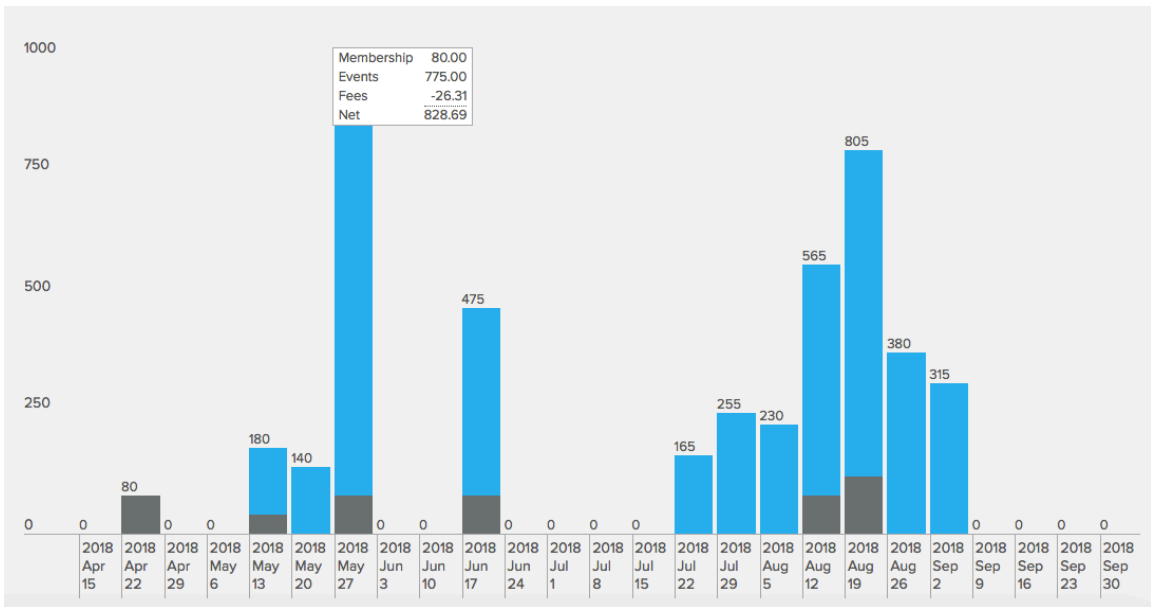

Below is the breakdown of the Annual Recurring Revenue being processed via memberworks. It shows the breakdown by membership levels.

Below shows the breakdown by membership type.

Below is a graph that shows the breakdown of fees paid through memberworks for membership, events and fees paid by monthly breakdown. I am sure Bruce will have more detailed information than what I have provided.

We still actively monitor the types of devices and browsers being used to visit our Website, so we can make sure that the website is displayed correctly on those devices. 50.1% of our users visit via the Firefox browser, it remains the top browser.
